03 Barstow Area Consortium for Adult Education

Plans & Goals - Draft

Executive Summary

The Barstow Area Consortium for Adult Education (BACAE) is located in California's Mojave High Desert, and covers mostly rural geography. The region is in San Bernardino County; the largest county in the United States. There are five CAEP Consortia in San Bernardino County. BACAE consists of four Member districts: Baker Valley Unified School District, Barstow Community College, Barstow Unified School District, and Silver Valley Unified School District. The San Bernardino Workforce Development Board's economic development plans do not address the specific needs of the Consortium. To that end, BACAE undertook several community surveys and a research project to learn more about the communities served by the Consortium and the needs of these communities. The Consortium will work on building relationships with more community partners to leverage existing resources. To address the needs of rural areas, BACAE will develop and implement a Distance Learning policy. Lastly, BACAE Members will begin the process of WASC Accreditation as a precursor for applying for WIOA funds, in full recognition of the importance of braided/blended funding. While this might not be possible for every Member, the BACAE Board commits to exploring options to increase the rigor and credibility of all programs across the Consortium.

Regional Planning Overview

With a renewed commitment to the CAEP initiative, this plan was developed in a spirit of collaboration and partnership. During the 2019-2022 period, BACAE will primarily address gaps in service and seamless transitions. Additionally, the Consortium will deploy methods to support accelerated learning programs for students in their academic pathways and/or career goals.

Meeting Regional Needs

Regional Need #1

Gaps in Service / Regional Needs

BACAE holds Member Districts to a spirit of collaboration in all decision making. This Three-Year Plan serves as a foundational plan for the Consortium toward the realization of our collective vision and goals while maintaining alignment to the San Bernardino Workforce Development Board's Vision 2 Succeed. BACAE envisions working together and leveraging resources to create regional stability among Adult Education providers.

How do you know? What resources did you use to identify these gaps?

BACAE Member Districts engage in ongoing analyses to identify gaps in services, and adjust programs accordingly at the Member level that support career and academic pathways leading to increased wages and/or transitions to postsecondary institutions. BACAE Members understand that success will be found through integrating with local organizations, expanding participation in Adult Education programs, and linking its graduates to local workplaces. The Barstow Consortium for Adult Education can play a major role in turning around the community's economic decline.

How will you measure effectiveness / progress towards meeting this need?

The BACAE Board recognizes that Adult Education is a key component in building community equity across the region we serve. Effectiveness is measured through performance outcomes.
